POLARIS TUNE-UP

This service is highly recommended at the end of the year to ensure your Polaris is tuned up and ready to go next spring.

Polaris 280 - Parts include up to six bearings and one tail scrub. We also inspect the rest of the unit and make adjustments. Any other parts that need to be replaced will be an additional charge. **\$82.00**

Polaris 380 - Parts include one set of belts, up to four bearings, one tail scrub, and checking over the rest of the unit and making adjustments. Any other parts that need to be replaced will be an additional charge..... **\$90.00**

WINTER MAINTANCE

This service is recommended for customers who have a solid winter safety cover with a pump, or for those with a mesh safety cover that would like to prevent having to drain the pool in the spring. The service includes the following: Inspection of winter cover and the removal of leaves and debris, cleaning of cover pump (if applicable), testing and balancing of pool water (chemicals not included). This service is recommended to be done at least once in the late fall and again in the early spring..... **\$70.00 per visit**

CARTRIDGE CLEANING

We will remove dirty cartridges from your filter and bring them back to our shop. They will be cleaned and returned when we open the pool in the spring.
